

- All service should be performed by qualified personnel - power supply to be disconnected prior to installation.
- Connections made must comply with local regulations and the national electrical code. Contact Solera for additional information on installations.

## Installation Instructions: AURORA

1  
Make all necessary power connections in the junction box.

2  
Place the fixture housing over the center of the junction box.

3  
Have the threaded stem from adaptor disc (by others) feed through holes in fixture housing and secure using supplied mounting nuts qty (2).

4  
Lift up the diffuser lens along with the fascia ring and mount to fixture housing with the supplied mtg. screws qty (4).
